Teachers Institutes

Teachers Institutes were held last week in each of the sub-divisions of the Wheatland School Division. Practically all teachers attended these meetings. The Divisional Superintendent, Mr. M. MacLeod, discussed with the teachers matters relating to the administration of schools and to questions of teaching techniques. A great deal of interest was displayed in the new readers for Grades I - III which have been supplied for the first time this year. The teachers in general felt that these represented a great step forward in the teaching of reading.

Another feature of special importance was the address given by Miss Routledge, who is in charge of the Health Unit recently organized by the Wheatland School Board in co-operation with the Department of Public Health. The teachers were very enthusiastic about this step in the direction of a full time health unit.

At each meeting the local divisional trustee was present and gave a brief welcoming address. He also arranged the sumptuous banquet which was enjoyed by all teachers.

At Strathmore, Trustee Mr. L. O. Wheeler welcomed the staff of the Wheatland School to the Division and expressed the view that the closer relationship would prove beneficial to all parties.

Doorways to Opportunity*

SOCIAL SECURITY MEASURES

In planning Canada's re-establishment program, its framers
worked with one principal idea in mind. This was that the
only answer to the problem of permanent re-establishment
is a job, and that the surest way to get and hold that job
is by the skill necessary for it.

VOCATIONAL TRAINING

Every ex-service man or woman who will be assisted in re-establishment by
training is eligible to have it. There is provision for paying fees for all courses
and, in addition, the ex-service man or woman may receive maintenance
grants up to:

\$60 monthly if single;
\$80 monthly for a man and his wife, together with children's allowances.

This training is available for the period of service to a maximum of one
year, but can be extended beyond that period, if necessary, and if service
is more than one year.

EDUCATIONAL TRAINING

This is available to all who are admitted to university within 15 months
of discharge and, as in vocational training, fees are paid and there are main-
tenance allowances up to:

\$60 monthly for a single man;
\$80 monthly for a man and his wife, together with allowances for
dependent children.

These allowances will be continued on a month for month basis of the time
in the services, providing all examinations are passed. Outstanding students
may have assistance continued to completion of the course.

SOCIAL SECURITY MEASURES

Under the re-establishment program Canada's veterans who, within 18
months of discharge from the services, become ill or unemployed may draw
maintenance allowances up to \$50 if single and \$70 for a man and his wife,
together with children's allowances. The out-of-work benefits are for those
fit and able to work, but for whom there is no work immediately available.
In the case of serious illness there is free treatment and hospitalization for
any condition in the year following discharge.

As a further security measure, every veteran who enters insurable employ-
ment is entitled, after 15 weeks in that employment, to unemployment
insurance credit as though the whole period in the services since July 1, 1941,
had been spent in the insurable employment.

TIONED IN KEY CENTRES THROUGHOUT

SERVICE PERSONNEL, AND SHOULD BE

7th. VICTORY LOAN

ON MONDAY, OCTOBER 23, thousands of salesmen all over the province will start a campaign in the interests of the 7th. Victory Loan.

With Alberta's quota set at \$43,000,000 which is \$6,000,000 more than the objective set for the last Loan, unit chairmen all over Alberta are agreed that unremitting work over a period of three weeks will be required if the province is to attain its objective.

In this particular district, which has done exceedingly well in all previous loans, the objective is \$300,000.

To reach this figure, the help and co-operation of everyone in the district will be required.

No one knows any better than soldiers, sailors and airmen returning

from overseas, the value of first class equipment in the continuing fight against the Nazis and their Axis allies. This equipment is bought with the money subscribed by Canadians to the respective Victory Loans and the forthcoming 7th. Victory Loan will be no exception.

In this district, residents are invited to march side by side with their fellow Albertans from the United States border in the south to the Peace River country in the north in one grand effort to reach Alberta's \$43,000,000 objective.

The slogan of the 7th. Victory Loan is "Invest in Victory", so let us show our friends to the north and the south that when the final figures are counted on the last day of the campaign,

an objective pennant will be flying from our building as proof that we did not fall when called upon to do our bit on the home front.

Anniversary of the Talkies

THE Motion Picture Industry passed October 6th, one of its most important milestones for this was the seventeenth birthday of speech.

Without much fanfare of trumpets from the press or its own theatres, this important feature in the presentation of pictures passed its 17th. Anniversary.

NEWS FROM O'SEAS

CPL. LEO MELISSEN WRITES FROM SOMEWHERE IN BELGIUM

Dear Mr. Miner;

Just thought I would drop you a few lines to inform you I'm doing well.

You have no doubt noticed quite a change in address, also the place. But I'm certainly glad to say that this is our way home. It's a long way around but we are nearly over it now.

It has certainly been a long time since I heard anything about good old Strathmore. There is one thing I'm very grateful for, that is the cigs and parcels I have received from the various organizations around there. It's certainly grand of them to continue sending them. I appreciate it very much. Through neglect on my part, I've mislaid addresses which puts me in a spot. Therefore I would appreciate it very much if you would oblige me by thinking members of these clubs that sent me the cigs and parcels. Also if you would give my new address to anyone that will drop me a line, I would certainly like to hear from some of you, as the only ones I hear from are Dad and Mother. I don't have a lot of time to write but will do my best to answer any I receive.

I suppose things have changed considerably since I was last there. But it should not be long until I'm back there looking for a job. "Couldn't use an old soldier, could you?"

You have no doubt heard of young Jackie's death, well Mr. Miner it certainly came as a shock to me. I was in Caen at the time and missed death fortunately, then I had to receive bad news like that. I will can't believe it. Now Carrie is married so the family is certainly broken up.

I'm sorry I can't tell you much

about things over here, so I'll save that for when I return.
 I suppose you still have your agency and doing well.

You can tell Mr. T. Wright I'll soon be sending my measurements for some civil clothes.

I'm afraid I'll have to draw to a close for now and get in a little sleep in case we have to go out again to night. So if you would please do those favors I asked, I would be very

grateful. Hoping you are in good health, I will say goodbye for now. Best wishes to all my friends in Strathmore.

LEGION NOTES

At the last meeting on October 10 25 members and 4 visitors were present. It was a very live meeting. Some thought too lively, others just right and still others not lively enough. But then you can't please everyone. A slight alteration as to whom was the rightful owner of the 11th. ticket in a book of Navy League tickets caused much amusement. After all the evidence had been heard, the ticket was awarded to the Branch.

Comrade Baird proved himself to be an adept of not only popular but also classical selections on the piano.

Chief P. O. Lewis, the guest speaker, enlarged on some of his experiences during the early days of the invasion of Normandy.

At the next meeting on November 14th, every member is entitled to bring a guest. It is hoped to have Calgary speakers on this occasion.

The annual Armistice wreath-laying Service will be held at the Memorial Stone at 10.45 a.m. on Armistice Day. The Annual Armistice Day Service will be held in the Memorial Hall at 3 p.m. on Sunday, November 12th. Major Rev. H. E. Parker will give the address and Rev. S. R. Hunt and Rev. D. Ford will be associated with him. Let's all turn out at the Memorial Stone on November 11th, and in the Memorial Hall on the 12th, to honor those to whom honor is due.

DIES OF WOUNDS

Mr. and Mrs. William Reid of Grimshaw, Alberta, received a wire recently saying their son, Pte. J. H. Reid, Princess Patricia's Canadian Light Infantry, had been wounded in Action in Italy and a later telegram saying he had died of wounds.

He enlisted early in 1940 and had been overseas two years.

He leaves besides his widow, two small sons Ed and Billie.

Howard lived with his parents at one time in the Cheadle district where he is well known. Sincere sympathy is extended the bereaved family.

Montague, on behalf of all present, wished the young couple much joy and asked them to accept the numerous gifts as a token of the esteem in which Clayton is held by his many friends. Mrs. Snoxell is the former Miss Besale Edey of Calgary. They are making their home in Grande Prairie where Clayton is stationed with the R. C. A. F.

There's MORE to do

On the fighting front our men are still "slugging it out". Each advance . . . each new sector . . . each mile that the battle front is extended . . . is hard going. Much fighting lies ahead.

There's more to be done on the home front, too.

More money is needed to enable our country to carry her share of the war's cost.

Our duty is clear . . . we, at home, must provide the money. Canada must get this money from Canadians.

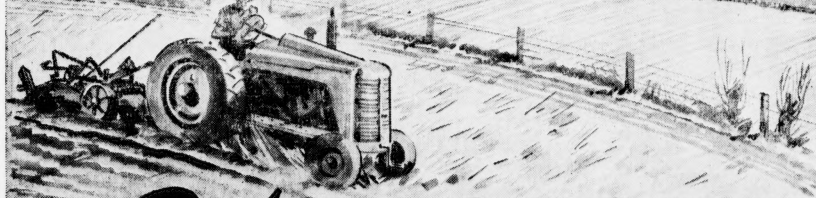

for EVERYBODY

Fortunately, most of us have good incomes. We can do our share.

But it is the extra effort that wins battles and we must be prepared to make extra effort on the home front. Canada's borrowing needs have been increased by some three hundred and twenty million dollars. That's extra effort that we, at home, must make. We must provide the money that is needed . . . more money than ever before.

We must keep faith with our fighting men. We must continue to work and save . . . and lend. We must all lend more.

GROWING UP WITH CANADA..

-FOR **75** YEARS!

Up through 75 eventful years of Canadian history . . . up from horse and buggy days to the fast-moving, mechanized world of today—General Motors of Canada and the pioneer venture from which it sprung, have grown with this growing nation.

Thanks to the constant and continued support of the Canadian public, General Motors, through three-quarters of a century of service to Canada—

has developed into a vital national asset . . . a power for progress in peace, a tower of strength in war!

From GM's busy assembly lines has rolled a mighty measure of the automotive transportation that has helped build modern Canada. From GM's factories and foundries, at this critical time, is pouring an overwhelming volume of that splendid fighting equipment which is speeding Victory.

As a partner in Canada's forward march to nationhood and inspired by a seventy-five year long tradition of high craftsmanship—General Motors of Canada, in this its Jubilee Year, pledges itself anew to the proud task of producing "More and Better Things for More People".
